PRODUCT DESCRIPTION

Enjoy unmatched value with this traditional canvas gallery wrap. This Innovative design with durable construction measures 1 1/4-inch in depth and comes with pre-installed hanging hardware. Due to its unique backer board, the canvas will always look as tight and flat as the day it was made. Every frame is built with a solid face to keep it from deforming and loosening. The quality materials include genuine, classic texture artist canvas and pigment-based inks for exceptional fade resistance. The eight-color ink set provides a vibrant gamut and accurate color resolution. Every canvas is finished off with a clear acrylic coating, providing a very scratch resistant protective layer with satin luster.
