PRODUCT DESCRIPTION

Send aliens off in pink bubbles. Help KJ, the koala, sort through fact and fiction, both on Earth and in the outer stratospheres... Avoid true dangers in the form of space junk, falling satellites, and burning meteorites, rather than imagined UFO space ships and aliens! Pop those in translucent pink bubbles and send them back where they came from. Play the game to the end and receive several Koala Jo prizes! Tilt your device to navigate the koala across forty-six scenes. Tap your finger on the screen to place aliens and monsters in bubbles. Collisions with space junk and burning meteorites will force the current scene to start over and cost points. Tap the pause button to place the game on hold. Several menus allow access to game information, sound settings, scores, unlocked scenes, gifts, and other games.
