PRODUCT DESCRIPTION

This is an actual watercolor painting fashioned after screens in our Space Koalas game. Derived from a print, the artwork may also contain a combination of pastel and colored pencil applications. The acid-free, cold pressed watercolor paper gets torn by hand to yield deckled-edges, for a true fine art appeal. Trained artists paint the final image in a manner that is reminiscent of traditional watercolor techniques, rendering it virtually indistinguishable from expensive commissions. The picture is framed in a box art frame designed to avoid contact with the art to help preserve the image. The painting will arrive ready to hang, yet is easily exchangeable with a frame of your own choice. Solid framing methods ensure the work is well-protected for generations to come, if kept inside of a home with temperate conditions. Avoid exposure to extreme heat or dropping the artwork on the floor.
